A message page from Karen and Mimi

Today... This Evening... Now... the dream of years concludes its first step on the path to fruition. We are presenting to you, our friends, families, neighbors and colleagues the first of what we hope will be many evenings of entertainment conceived, produced and presented by all volunteer community talent. All singers, actors, writers, and musicians are ours. The dancers you see this evening come from local and neighboring dance companies. All of us come from Hatboro, Horsham, Willow Grove, Upper Dublin, Lower Gwynedd, Montgomeryville, Chalfont, Doylestown, Upper Moreland and even Philadelphia and West Chester (drawn in by relatives). The music is that chosen from the past century of great tunes written in, or adopted by, America as part of itself. Celestial Spheres in Motion, a drum composition in the show was written by Ann Margerum and our music director, Tom McCann. In the future we expect to present additional original compositions by our own composers. The talent is here and we intend to nourish it and give it a place to shine.

So welcome, each and every one of you to "It's Entertainment." Our show will make you laugh, sing, stamp your feet and be proud of the people around you, just like you, who wanted to perform and are doing so.

The arts in Hatboro and Horsham need a home. This is our first step and for us it's a doozy. We have grown and matured as a community. Our children have been winning competitions in band, chorus and other artistic competitions and the great work of Hatboro-Horsham High School is recognized throughout the state of Pennsylvania and others for the excellent musicians it produces. In the long run we want to be able to entice those graduates back home by offering them a state-of-the art facility in which to continue to produce great music and theater. Tonight we have a number of graduates and students of Hatboro-Horsham in our company.

Our dream is to house and run a theater company, choral company, band/orchestra, dance company and other representations of the performing and fine arts. We even have an interest in opera and the classics. In our plan is included an exhibit hall in which our fine local artists can present their work for view. We want to be able to borrow from our friends, our libraries, neighbors and artists to show what wonderful work our neighbors are doing in the arts, paint, sculpture, needlework, glass, etc. And it all starts to come together tonight.

Enjoy the show. Be generous with your applause. And please take the time to note who our advertisers are and plan to patronize them. They and you, our audience, are our lifeblood. Keep them busy and let them know you saw their ad in our playbill. That may convince them to keep buying space from us!

We are starting a building fund, too. If you have the urge to write us a big, fat check, or even a small one, don't fight it. Follow through! We are a non-profit organization and like all other non-profit organizations can use your help.

Finally, we have a list of future performances in the playbill. We'll be happy to see you at the performances that are open to the public. And thank you – for being here tonight and enjoy "It's Entertainment"

The American Cancer Society
Proudly Presents
the 3rd Annual
Eastern Montgomery County
Relay For Life
June 14-15, 2002 from 10 am-10 am
At Upper Moreland High School in
Willow Grove

Relay For Life is a 24-hour team event to raise money to fight cancer. Relay For Life combines the best elements of a family camp-out, a block party, and a walk-athon as teams consisting of 10-15 people set up their campsite and take turns walking the track relay-style to demonstrate their commitment to the fight against cancer. Relay For Life is also a Celebration for Cancer Survivors. A special Survivors Walk takes place during Relay For Life as we applaud the strength and courage of cancer survivors. There is also a Caregivers Walk for survivors to say "thank you" to their caregivers. Relay For Life is a time to remember those who lost their battle to cancer. At dusk, a Luminaria Ceremony will be held, with candles representing loved ones who lost their battle, and survivors winning the fight.

When you support Relay For Life, you become part of an international effort led by the American Cancer Society to help eliminate cancer. The money raised from Relay For Life will fund cancer research grants, education programs about ways to prevent cancer and to detect it early, advocacy efforts to better protect the public against cancer, and important support services for cancer patients and their families.

TO GET INVOLVED, CALL:
Ellen Ainge at 215-657-1255
or Tammy Schane at 215-712-3290.

Some daughters have a simple gift for kindness
A way of being sensitive and sweet
A thoughtfulness and a warm concern for others
That they gladly share with anyone they meet.

Karen Ann, you're always quick to offer
A never ending generosity
It takes a lot of thoughtfulness and care
To be the wonderful kind of daughter
That you are.

No wonder you are wished so much
Happiness and success on your big day.

GREAT SHOWS IN 2002

Presented by

Hatboro-Horsham Educational Foundation

JASON VIEAUX - February 28, 2002

Jason Vieaux is widely recognized as one of the most exciting guitarists of his generation. His dynamic concert programs are highlighted by his effortless virtuosity and natural musicianship. His recordings have sold over 30,000 copies and he is in both the Gramophone Classical Good CD Guide and the NPR Guide To Building A Classical CD Collection.

"He made the single guitar seem like a body of instruments at work in music full of the emotion of loss."—*The Philadelphia Inquirer*

"Unlike the garden-variety brand of wind-up performers who dutifully recycle the same sturdy pieces, (he) exhibited a strong individual personality that gave the music a spontaneity absent from so many recitals."—*The Washington Post*

MARK TWAIN - ON STAGE! - April 27, 2002

Here is that brilliant actor's portrait of Samuel Clemens originally created by Hal Holbrook - its star, John Chappell, the only actor Mr. Holbrook ever permitted to appear on stage in "Mark Twain Tonight!"

It is a magic evening of theater: MARK TWAIN ON STAGE in all his wit and wisdom. It is audiences laughing at his tall stories and moving from laughter to poignant reflection, occasionally squirming at his savage irony - captivated by a perfect illusion of the living presence of the man himself.

In look, in voice, in appearance, in gesture, and above all, in his own immortal words, the creator of Tom Sawyer and

Points to ponder:

- Success is not logical.
- Failure is a learned trait.
- Lack of success is not due to lack of ability.
- Goal setting should come with a warning label!
- Belief is elemental to success.
- Wisdom and progress are in the questions, not the answers.
- There are no accidents, there is no luck!
- Your ego is the source of all your pain.
- The pursuit of affluence will drive it away.
- Success is your destiny!
